

ZAYAR MOEKAUNG

As a highly skilled Mid/Senior Web Developer with over six years of experience, I have a strong focus on front-end development and UI/UX design. With expertise in Tailwind CSS, HTMX, Node.js, ReactJS, Python/Flask and Laravel, I aim to deliver efficient and scalable web applications. My background in modern web technologies ensures I can create responsive and user-centric interfaces, contributing to seamless and dynamic web experiences.
