Summary

Results-driven Full Stack Developer with a strong background in web application development, server management, and infrastructure maintenance. Experienced in modernizing and enhancing legacy projects. As the main developer for OTAmm, I've continuously upgraded and rebuilt the platform with the latest web technologies. Committed to community engagement, I've also volunteered as a Full Stack Developer for MLAC, creating a website for local artists. Prior to this, I honed my customer service and technical skills as a Customer Service Engineer at Concordia int,ltd. Eager to bring my expertise to innovative projects and further expand my skill set.

Experience

MM Tutor | Yangon
Language/ Web Development Tutor | 11/2022 - Present
